

HAZARDOUS WASTE COMBUSTORS CONFERENCE AND EXHIBITION

MARCH 13-14, 2007
FRANCIS MARION HOTEL
CHARLESTON, SC

Tuesday, March 13, 2007

SESSION 1: HAZARDOUS WASTE COMBUSTOR MACT - REGULATORY UPDATE

Session Chair: Beth Antley, U.S. EPA Region 4

Panelists:

Frank Behan, U.S. EPA
David Novello, Law Offices of David Novello, LLC
Ken Mitchell, U.S. EPA Region 4

SESSION 2: TRADE ASSOCIATION PERSPECTIVES ON THE FINAL RULE

Session Chair: Becky Keogh, CH2M Hill, Inc.

Panelists:

Mel Keener, Coalition for Responsible Waste Incineration
Michelle Lusk, Cement Kiln Recycling Coalition
Bob Elam, American Chemistry Association

SESSION 3: WASTE MANAGEMENT FACILITY OPERATIONS

Session Chair: Curtis Lesslie, Trinity Consultants

Time to Review - Out From Under the Looking Glass

Greg Mayes, TXI

Regulatory Approach to Making Operational Changes under the CAA & RCRA

Bob Schreiber, Schreiber, Yonley & Associates

Accepting the Challenge - Clearing Environmental Permitting Barriers for Acceptance of Alternative Fuels

Curtis Lesslie, Trinity Consultants

Industrial Hygiene, Process and Quality Challenges for Acceptance of Alternative Fuels and Raw Materials

Gary Elliot, Lafarge North America

New Waste Manifest Lessons Learned

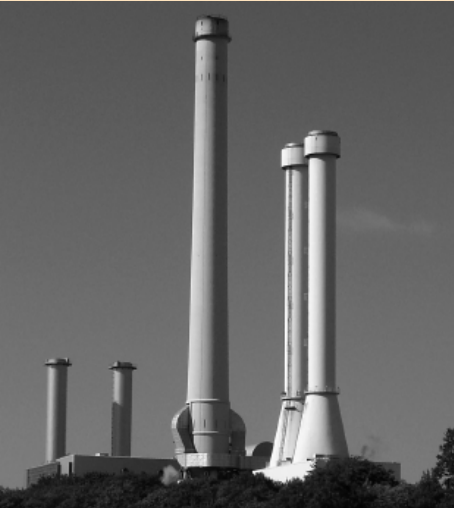

Sean Rook, Systech Environmental Corporation

AIR & WASTE MANAGEMENT
ASSOCIATION

Since 1907

HAZARDOUS WASTE COMBUSTORS CONFERENCE AND EXHIBITION

MARCH 13-14, 2007
FRANCIS MARION HOTEL
CHARLESTON, SC

SESSION 4: RISK ASSESSMENT FOR HAZARDOUS WASTE COMBUSTION - PAST, PRESENT, AND FUTURE

Session Chair: Chuck Kellett, Schreiber, Yonley & Associates

EPA's Site-Specific Risk Assessment Policy - A Summary of Pending Litigation

Mike Benoit, Cement Kiln Recycling Coalition

Does Quantitative Risk Assessment Facilitate or Encumber Regulatory Decision Making in the Hazardous Waste Combustion Arena?

Sandra Smith, URS Corporation

Multi-Pathway Risk Assessment Results in Cement Kilns

Carrie Yonley, Schreiber, Yonley & Associates

Comparison of EPA's HHRAP - 1998 and 2005

Suellen Pirages, ICTM

Wednesday, March 14, 2007

SESSION 5: HAZARDOUS WASTE COMBUSTION TECHNOLOGY

Session Chair: Gary Elliott, Lafarge North America

Characterization of Hazardous Air Pollutants from Combustion of Waste Solids by TG-MS-FTIR and Lab-scale Incinerator

Wei-Ping Pan, Western Kentucky University

Compliance with the Hazardous Waste Combustor MACT Metal Emission Standard using a Multi-Metals CEMS

Richard Lambert, Eli Lilly & Company

Issues Associated with the Combustion of Glycerol Waste from Biodiesel Production

David Weeks, Risk Management & Engineering Ltd.

Real Time Monitoring of PCDD/PDCF for Transient Characterization and Process Control

Brian Gullett, U.S. EPA

SESSION 6: COMBUSTION TESTING AND MONITORING

Session Chair: Robert Baxter, B3 Systems Inc.

HWC MACT Comprehensive Performance Test Challenges - A Tester's Point of View

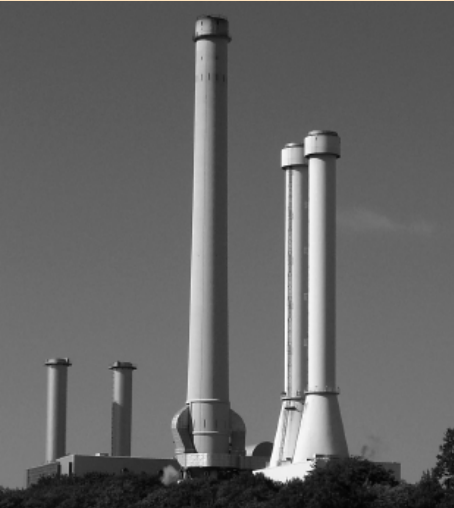

Jim Serne, TRC Environmental Corporation

AIR & WASTE MANAGEMENT
ASSOCIATION

Since 1907

HAZARDOUS WASTE COMBUSTORS CONFERENCE AND EXHIBITION

MARCH 13-14, 2007
FRANCIS MARION HOTEL
CHARLESTON, SC

Bag Leak Detectors or PM Detectors, Do You Know the Difference?

Robert Baxter, B3 Systems Inc.

Extrapolation of Metals (Upward and Downward)

Mike Deyo, Giant Cement Company

Predictions on Future Stack Test Design and Implementation for Hazardous Waste Combustors

Michael Harrell, Ashgrove Cement Company

SESSION 7: STATE PERSPECTIVES ON HWC MACT AND TITLE V PERMITTING

Session Chair: Tamara Christian, Lafarge North America Fredonia

Panelists:

Phillip Murphy, Arkansas DEQ

Veronica Barringer, South Carolina DHEC

Melissa Poage, South Carolina DHEC

Mostafa Kamal, Kansas DHE

AIR & WASTE MANAGEMENT
ASSOCIATION

Since 1907
